Subject: Notes on Notes

Hi Mary Beth and Bill. After our meeting, our team at Metro Parks went through everything and made some notes based on our call. I have attached a spreadsheet with some additional comments and items.

We are appreciative of the great team effort that has emerged for this project. We wish to state that, while all actions taken related to this project are not necessarily within the purview or our functions and activities, SMP should be included in all design issues that impact the ultimate outcome of the project on the park's recreational activities, natural and cultural resources and financial interests. We believe this will aid the efficiency and effectiveness for the project itself and for all parties concerned.

Thanks and stay safe!

Mike
